Professional Summary

Computer Science undergraduate with strong foundations in Data Structures and Algorithms, with experience in backend development. Experienced in building web applications using JavaScript, Node.js, Express.js, Databases and RESTful APIs, with hands-on experience in authentication, authorization, MVC architecture and database-driven applications.

Education

Vellore Institute of Technology — Bhopal, India
B.Tech. in Computer Science and Engineering — CGPA: **8.14/10** *— Full-time* — *2023 – 2027*

St. Mary's Inter College — Etawah, Uttar Pradesh
Class XII: **68%** *— Full-time* — *2022*

St. Mary's Inter College — Etawah, Uttar Pradesh
Class X: **83.4%** *— Full-time* — *2020*

Achievements

Solved **900+** problems across **LeetCode and Codeforces** in Data Structures, Algorithms and Competitive Programming.

Earned a **Gold Badge in C++** on HackerRank.

Projects

JanDrishti – Civic Complaint Management System — 2026
Node.js, Express.js, PostgreSQL, React.js, SQL

- Developed a full-stack civic complaint management platform for citizens to report issues and authorities to manage, track and resolve complaints.
- Designed **RESTful APIs** using Node.js and Express.js to handle complaint creation, retrieval and status updates.
- Designed a **relational database schema** in PostgreSQL to manage users, complaints and complaint status history.
- Implemented **input validation and role-based access control** for citizen and authority workflows, with dashboard functionality for complaint monitoring.

Roamia – Rental Platform — May 2025
Node.js, Express.js, MongoDB, EJS

- Built a full-stack property rental platform using **Node.js, Express.js, MongoDB and EJS** following the MVC architecture.
- Implemented **user authentication, authorization and CRUD operations** for property listings and reviews.
- Designed and integrated **RESTful routes and MongoDB schemas** for users, listings and reviews.
- Created responsive server-rendered interfaces using **EJS and Bootstrap** with dynamic listing and review management.

Technical Skills

Languages: C++, JavaScript, HTML5, CSS3
Backend: Node.js, Express.js, RESTful APIs, MVC, Authentication, Authorization
Frontend: HTML5, CSS3, JavaScript, EJS, Bootstrap,React.js
Database: SQL, MongoDB,Database schema design, CRUD operations
Core CS: Data Structures & Algorithms, Object-Oriented Programming, Computer Networks, DBMS, Operating Systems
Tools: Git, GitHub, VS Code, Postman, MongoDB Compass, Docker

Certifications

MPOnline Limited – Certification in Advanced Software Engineering and AI Foundation, 2026
Google IT Support Professional Certificate – Coursera (Google), 2026
NPTEL – Marketing Analytics,Cloud Computing
